

BIBLIOTECA

Training session

IDS – Iscte Discovery Service

User trainer

Ana Marques (Serviços de Informação e Documentação | Biblioteca)

Duration

1h30

Goal

The aim of this training is to deepen knowledge of the IDS - Iscte Discovery Service and promote the development of skills in searching, locating, selecting, managing and evaluating scientific and academic information (Information Literacy), regardless of the scientific area, within the scope of teaching/learning and research processes, in which Higher Education Libraries play a central role.

Programme

1. Describe the IDS - Iscte Discovery Service;
2. Apply a Basic Search and an Advanced Search:
 - a. Filter Results;
 - b. Visualise results;
 - c. Manage results;
3. Explore the functionalities:
 - a. Research Starter;
 - b. Publication Finder;
 - c. Concept maps;
4. Create a personal account [my EBSCOhost];
5. Configure My dashboard;
